## **Technical Advisory Committee**

### **REPORT OF MEETING**

**TUESDAY, DECEMBER 16, 2003**

**10:00 A. M**

**COUNTY OF SAN MATEO**

Page 1

#### **1. INTRODUCTIONS AND REVISION TO AGENDA**

Self-Introductions were made and no revisions were made to the Agenda.

#### **2. PRESENTATIONS**

- A. Bob reported that the Superior Court Judge has rendered his final decision on the BayKeeper lawsuit and copies were sent to each agency. The RWQCB also sent out a memo on coping with the Order and there was a lengthy discussion that followed. STOPPP will attempt to deal with the Judge's Order by resubmitting many of the Reports, Work Plans, and documents that were submitted earlier, but found inadequate because the RWQCB Executive Officer did not have the authority to approve them, even though the process we followed was according to our Permit. STOPPP will submit the SWMP and Permit Renewal Application by the January 23, 2004 deadline and the Regional Board will most likely open our Permit once again in the spring to address the deficiencies in the process. It is unknown if our Permit will then be extended beyond the July 2004 expiration date.
- B. Bob polled each of the agencies on the status of the schedule for the adoption of the Resolution adopting the SWMP and authorizing C/CAG to submit an application for the Permit Renewal on behalf of the agencies. He expressed the importance of adopting the resolution and sending a certified copy to him by January 20<sup>th</sup>.
- C. Bob also polled each agency on the adoption of the Integrated Pest Management (IPM) policy prior to December 31, 2003, to comply with our Permit requirements.
- D. Fred reported on the status of the Hydromodification Management Plan. He handed out a Draft Outline of a Work Plan, with compliance dates consistent with our Permit requirements.
- E. Habte had no further report other than the importance of coping with the Judge's Order.

#### **3. SUBCOMMITTEE REPORTS**

##### **PUBLIC INFORMATION/PARTICIPATION – BARBARA EBEL**

Barbara reported that PI/P met and discussed 2002/03 Budget Tasks and will continue that discussion in January. They also received reports on the Community Grant applications.

##### **COMMERCIAL/INDUSTRIAL AND ILLICIT DISCHARGE – CYNTHIA ROYER**

Cynthia reported that CI/I met and discussed issues associated with the proposed changes to illicit discharge performance standards, the effect of the Court Decision on CII activities, reviewed BMPs and commitments for conditionally Exempted Discharges, and discussed updating a mercury outreach piece.

##### **NEW DEVELOPMENT – RAY HONAN**

Ray reported that the New Development did meet. The major part of the meeting was on the implementations of the new C. 3 requirements and they began discussion on planning the next training workshop.

##### **MUNICIPAL GOVERNMENT MAINTENANCE ACTIVITIES – VINCE FALZON**

Bob reported that the Municipal Government Maint. Committee did not meet. He also reported that Vince Falzon, Burlingame, will complete his term as Chair in January and that Steve Tyler, Atherton, has agreed to assume the Chair after the January meeting.

**3. SUBCOMMITTEE REPORTS (continued)**

**WATERSHED AND MONITORING – KEN ROBINSON**

**Ken reported that WAM did meet and received a report that the PCBs Report for San Carlos was sent to PG&E for action. This item is now in the hands of the RWQCB. The Colma Creek Study is in its second round of sampling. There was a discussion on the SWMP and the key areas for the next five years. Two series of sampling has been done on the San Mateo Creek Study, with one more due in January along with a bioassessment study later in the year. The toxicity study is being shifted to BASMAA and the CEP to be included in their studies.**

**4. PUBLIC COMMENTS**

**None**

**5. ANNOUNCEMENTS**

**Fred announced that the joint PCO Training Workshop, sponsored by the Santa Clara and San Mateo Programs, was a success.**

**6. ADJOURNED**
